

**STEPHEN PONTIUS,
TECHNICAL RESOURCE
MANAGER**

HOW LONG HAVE YOU BEEN AT EAGLE AND WHAT DO YOU LIKE ABOUT WORKING THERE?

Since 2002, I like working with the people at Eagle. They are open-minded, down to earth, and always looking to improve. They are also willing to challenge and push each other to achieve more.

IF YOU WERE A PLASTIC, WHAT WOULD YOU BE?

Teflon. It takes the heat and seals up the loose ends.

WHO HAS INFLUENCED YOU IN YOUR CAREER?

My parents. They encouraged higher education but did not push me to a 4 year degree. They let me follow my own path which lead me to a Journeyman's Apprenticeship and an Associate's Degree in Business Management.

WHAT DO ENJOY DOING IN YOUR SPARE TIME?

I have 2 active boys that keep me busy. I enjoy working on cars, bowling and movies.

WHAT IS YOUR GREATEST ACHIEVEMENT?

The physical move of Eagle into our new building. It was a big project with lots of moving parts and it went way better than I expected.

WHAT DO YOU LOOK FOR IN A CUSTOMER?

Customers who understand the technical side and have that engineering mindset to appreciate what it takes to get a job done. An understanding of the applications of components is important.

WHO IS YOUR FAVORITE BOSS?

Jared Bailin

WHAT IS SOMETHING THAT NOT A LOT OF PEOPLE KNOW ABOUT YOU?

I would like to restore/rebuild an old car or truck with my children as they grow up.
